

The Day After Christmas

(Santa's Favorite Color)

- Verse 1* Christmas Day was over,
 Santa stopped to rest,
 When he noticed one last letter,
 With only one request.
- Verse 2* Dear Santa: what's your favorite color?
 Won't you let me know?
 What's your favorite color Santa?
 I really want to know.
- Verse 3* Is it the color of a blue sky,
 With floating puffs of white,
 Or the color of a rainbow,
 That gives us such delight?
- Verse 4* Is it the color of a sunrise,
 On early morning snow?
 Santa read the letter.
 Santa didn't know.
- Verse 5* Is it the color of moonbeams,
 Bouncing off your sleigh,
 Or the color of a present,
 We open Christmas day?
- Verse 6* Is it the color of a Christmas tree,
 With all its lights aglow?
 What's your favorite color Santa?
 Tell me when you know.
- Verse 7* Santa kept on thinking,
 He read the letter slow,
 What's my favorite color?
 Well Santa didn't know.

- Verse 8* Is it the color of distant thunder,
That rumbles in the night?
The color of a forest floor,
With sunshine peeking through?
- Verse 9* Or the color in a desert,
With all its tones and hues?
Of all the colors in the world,
Santa, which one would you choose?
- Verse 10* Santa thought of all the children,
He visits with the sleigh,
And how they look forward,
To this very special day.
- Verse 11* Santa thought of all the colors,
That make the world a special place,
Then his eyes sparkled,
And a smile came on his face.
- Verse 12* Santa had the answer,
It was the human race,
With all the different people,
With their tones and hues.
- Verse 13* Yes this world is full of color,
A truly wondrous place,
And my favorite color,
Is the human race.
- Ending* *Merry Christmas!*
