

SASSY GIRLS

Verse: 1 Sassy girls you know who I mean
Looking good in a dress or jeans
They drive around in pick-up trucks
Can parallel park and all that stuff

Verse:2 Sassy girls don't play by the book
Walking tall with a special look
No peaches and cream and cute little curls
There not daddy's little girl

Chorus Sassy girls make the rules
Know the ropes and won't be fooled
They drive around in pick-up trucks
Can parallel park and all that stuff

Verse:3 Sass and style thats the look
Sassy girls wrote the book
They make the rules know what I mean
Don't need the manners of a beauty queen

Verse:4 Driving around in pick-up trucks
Wind blown hair is the perfect touch
Looking good no matter what
Sassy girls make their own luck

Chorus Sassy girls make the rules
Know the ropes and won't be fooled
They drive around in pick-up trucks
Can parallel park and all that stuff

Verse:5 Sassy girls have the devils eye
Smile of an angel heaven knows why
Sass and style leads the way
Sassy girls are here to stay

Verse:6 Sassy girls coming on strong
Sassy girls know where they belong
In the front row or bleacher seats
Sassy girls are hard to beat

End Chorus Sassy girls drive pick-up trucks
Can parallel park and all that stuff
Sassy girls coming on strong
Sassy girls have a brand new song
